Bachelor of Computer Science

08/22 - 08/26

Minor in Cybersecurity and Network Management

Weber State University, GPA 3.5

Ogden Utah

Certifications:

CompTIA Security+

08/27/2022 – 08/27/2031

Classwork Portfolio:

https://github.com/Trulicoding/Dallen_Sandstroms_Programming_Portfolio

Experience

Weber State University Faculty-Directed Research, Clearfield Utah, 05/04/26 - 08/14/26

- Improved [Redushaptor](#) program to use [Hierarchical Delta Debugging](#) using the C# Roslyn compiler to enable full depth test reduction
- Implemented multiple efficiency improvements to reduce program runtime by 20%
- Wrote documentation explaining how to run and use the program as well as an overview of major methods for future editors

Homelab Experience, Syracuse Utah, 2016 - Present

- Wrote automation scripts for backing up specified directories to Google Drive
- Created a discord bot script for playing music in voice channels and relaying messages
- Successfully recovered files from deleted and corrupted memory
- Setup and managed all aspects of home networks
- Created virtual machine and operating system dual booting setups
- Configured a personalized Arch Linux OS
